

E100 PLUS

All-in-One Cleaning Power
with Lightweight Portable Scrubber

Featuring a kickstand with a locking mechanism, three interchangeable pads/brushes, and built-in transfer wheels, the E100 Plus adapts easily to a variety of hard floor surfaces.

Mopping and spreading dirt is a thing of the past with ERIClean's E100 Plus portable scrubber for hard surfaces. This ultimate cleaning machine integrates the mop bucket, agitation, and wet vacuum in a lightweight, maneuverable, and user-friendly design that's perfect for efficient, mess-free cleaning. The 12Ah LiFePO4 battery is easily removable and delivers up to 130 minutes of run time on a single charge.

Touch controls for dual water flow rates, variable agitation speeds, and wet vacuuming allow users to select from double scrub, single pass, or a combination. Twin, counter-rotating 350 rpm brushes and a removable squeegee help minimize the water and solution needed to clean surfaces. Specialty mop sinks are not required to fill or empty the removable 1.25-gallon solution and 1.75-gallon recovery tanks, which feature heavy-duty clips for secure locking and worry-free transport.

- Rated Voltage: DC-36V
- Working Efficiency: 3,280 sq ft/hr
- Cleaning Width: 17 in
- Brusher Dimension: 8.5 in*2
- Brush Speed: 0-350 rpm
- Brush Pressure: 50 lbs
- Brush Motor Power: 120W
- Vacuum Motor Power: 120W
- Solution Tank Capacity: 1.25 gal
- Recovery Tank Capacity: 1.75 gal
- Noise: 65 db
- Battery Size: 12Ah
- Run Time: 130 minutes
- Weight Empty: 43 lbs
- Dimensions: 45"x21"x15"

Why Choose ERIClean?

At ERIClean, we build commercial cleaning equipment that gets the job done. We invest in thoughtful designs and features that increase effectiveness and decrease the cost of operation. The E100 Plus comes with a satisfaction guaranteed, three-year warranty.
