

Stop wasting power and time with slow and inefficient charging.

Level up your operations with our Lithium-ion battery-powered scrubber.

Harnesses the power and efficiency of ERIClean's E100 Portable Scrubber for hard surfaces. Mopping and spreading dirt is a thing of the past with this versatile scrubber. The machine features 3-in-1 cleaning, integrating the mop bucket, agitation, and wet vacuum seal in a lightweight, maneuverable, and easy-to-operate design.

The cordless design, compact size, and positionable handle allow operators to easily reach tough to clean areas. Touch controls for water, agitation, and wet vacuum, are conveniently located and offer different cleaning styles, including double scrub, single pass, or a combination of options that will tackle the toughest of situations. The result: Clean and dry floors that are safe to walk on immediately.

Its twin, counter-rotating 350 rpm brushes and removable squeegee help to reduce the amount of water and chemicals you need to keep all types of hard flooring surfaces clean. Filling the scrubber is a breeze with its 4L removable solution tank. The detachable 6.5L front-mounted recovery tank is ideally located for quick draining. Specialty mop sinks are not required for this easy fill and drain design.

E100 PORTABLE SCRUBBER FOR HARD SURFACES

Enjoy greater efficiency, portability, and accessibility with the Lithium-ion battery-powered E100 scrubber. This workhorse offers an **industry leading 3,000 cycles of charge**, saving you valuable time, money, and the hassle of dealing with depleted batteries. Just charge it and go!
